entour[®] NATIVE[®] BLENDS

Our Native[®] Blend products feature botanical compounds that occur naturally in cannabis. Each blend replicates the native chemical profile of the plant—balancing cannabinoids, terpenes, and flavonoids to deliver an authentic, full-spectrum experience that captures the plant's true essence.

Afghan Kush

Vibe: Waking-up from a lazy afternoon nap amongst the poppy fields.

Afghan Kush is a classic indica consisting of genetics from Afghanistan and the historic Hindu Kush mountain range. It's a potent hybrid that features massive nuggets and high yields. Our Afghan Kush blend is rich with aromas of tall, bruised grass and scorched dates with undertones of bitter orange, neem and salt-crusted hash. The taste will transport you to the foothills of the Hindu Kush range.

TM

F00437

Alaskan Thunder

Vibe: Creeping around cabins in the pulsing, glow of the Aurora.

Alaskan Thunder is a legendary hybrid originating from the Matanuska Valley in Alaska. It is recognized for its extreme resin density, powerful effects, and signature bright orange pistils. Our Alaskan Thunder blend leads the nose with lemon trees, mint roots and icy cassis. Shortbread and buttered nuts mix with grape skins and smoked lime rind on the tongue.

TM

F00698

Alien OG

Vibe: Big head, wide eyes and far off thoughts.

A hybrid cross between Alien Kush and Tahoe OG, Alien OG is known to generate an intense body buzz and cerebral psychedelics. Alien OG may also make feelings of levity materialize. But since it is a heavy-hitter, novices may want to steer clear lest they get zapped. Like a UFO has just burst through a cluster of lemon stars and crash landed in a pine forest, our Alien OG also brings undertones of cassis, smoked sugar plums and golden apple blossoms.

TM

F00696

Blue Dream

Vibe: Lucid ZZZs with botanical alerts.

Blue Dream is a sativa-dominant hybrid developed in Santa Cruz, CA from two iconic cultivars: Blueberry & Super Silver Haze. It produces large yields of sweet smelling flowers making it a favorite among cultivators and consumers alike. Our blend mingles flavors and aromas of Meyer Lemon peels, pink-iridescent blueberries and blue lotus tea with undertones of blackberries, herbs and barks. Whiffs of lavender can also be found amongst an herbaceous background.

TM

F00024

Bubba Kush

Vibe: Floating above the infield of the Kentucky Derby.

Bubba Kush is an indica-dominant hybrid originally developed in Florida during the 1990's and then introduced to Southern California where it became a seminal breed in the "Kush" craze of the early 2000's. Despite somewhat mysterious genetic origins, stalk and bud characteristics suggest that Bubba Kush is of Hindu Kush descent. Our Bubba Kush blend is ripe with pink, orange, yellow, and chartreuse citrus sweetened with herb infused nectars and balsam.

TM

F00029

ChemDog

Vibe: Like running after a truck pumping Pink Floyd with the windows down.

Originating in Massachusetts, Chemdog stands as the cornerstone of the legendary Chem family. Celebrated for its potent and fuel-forward genetics, Chemdog expresses a sharp, earthy aroma with subtle chemical and garlic-tinged undertones. Our Native[®] Live ChemDog expression barks like the original with sharp, fuel notes with secondary piney, spicy and musk notes.

Cherry Wine

Vibe: Picking wild cherries and tripping over mushrooms.

Cherry Wine is a cross between The Wife and Charlotte's Cherries, both of which are high-CBD strains. The typical buzz from Cherry Wine leaves one feeling relaxed, focused, and euphoric. Our Cherry Wine blend is flush with candied red cherry. Following behind the cherry front are dried raisins, fresh tobacco, and picked raspberry leaf. Notes of mushrooms, rose and vanilla can also be discovered with patience.

F00482

Do-Si-Dos

Vibe: Forest play meets backyard party.

Do-Si-Dos is an Indica-dominant hybrid created via crossbreeding GSC and Faceoff OG. Do-Si-dos plants are a visual feast with their glistening trichomes, brilliant pistils, and leaves of lavender and lime green. Our Do-Si-Dos blend is reminiscent of green and red grapes clustered and tarted with juicy citrus hops. Golden raisins, lime and confectioned mango make an appearance mid-palate. While pine nut, corn husks and golden berries smoked with hay bring-up the rear.

F00438

Durban Poison

Vibe: Atop a camel content between the humps.

Durban Poison is a Sativa strain named after the city from which it originates: Durban, South Africa. It's beloved the world over for its decidedly non-poisonous, energetic and uplifting effects. Our Durban Poison blend melds sugar-encrusted peppermint, beechwood, pine nut, shikimi flower and sage. Wafts of persimmon, licorice root, ripe pomelos and sun-dried, preserved lemons present themselves to the nose along with a spiciness that seems to spring from the deep desert.

F00412

Dutch TreatTM

Vibe: Sailing through red lights without a care.

Originating from Amsterdam and popularized in British Columbia, Dutch Treat is acclaimed for offering the best of both indica and sativa traits. The pine and citrus run the show with this classic cannabis aroma in our Dutch TreatTM blend. Undercurrents of sage, cedar-rose jam, salt-varnished ship-wood, and the clean smell of an Atlantic rainstorm are detectable on the palate.

F00046

Fire OG

Vibe: Sunrise and sunset combined.

Fire OG is a favorite amongst OG Kush fans begotten via a cross between SFV OG Kush & OG Kush. The name of cultivar stems from the bright red hairs that make it appear to be on fire. Cayenne carrots and smoked lemon heads give way to kumquat and tangerine peels on the nose with lasting undertones of yuzu and quince paste. Pineapple leaves, wild thyme, and fruits of both dragons and stars flit over the palate followed by a warm zephyr of sumac, sorrel, saffron and cinnamon bark.

F00048

GG

Vibe: Lounging in the savannah grass after a satisfying meal.

Gorilla Glue is an extremely resinous and powerful hybrid with an intense high that is known for keeping one "glued" to the couch. GG's thick, sticky buds are traits passed down from its parents: Chem's Sister, Sour Dubb, and Chocolate Diesel. Our GG blend exhibits flavor notes of orange juice, hyssop, vitamin C powder mixes, and cocoa bean blossoms. The aroma hints at creme brûlée, yuzu tarts, mossy stones and cedar leaf jelly.

F00061

God's Gift

Vibe: Waltzing through wildflowers.

God's Gift is a potent indica hybrid developed in British Columbia and suspected to be the result of an immaculate union amongst Granddaddy Purple & OG Kush. It initially became popular in California medical cannabis clinics in 2005 due to reliably tranquil and euphoric properties. Our God's Gift blend harmonizes white grapefruits with lavender stems. Bay leaves, blackberries, neroli, raspberries, patchouli, sweet orange, and frankincense also find purchase in the vapor cloud.

F00592

Golden Pineapple

Vibe: Warm waves lapping over sandy toes.

Golden Pineapple is a combination of White Widow and Cinderella 99 genetics that offers creative, uplifting effects. Buds are thick and resin-coated, which is how it earned its original name of Ice Queen. Our Golden Pineapple blend is a bouquet of sweet and sour fruited limes, dried pineapple, clementines, and pine-fruits. Subtle background organoleptics of mentholated petrol, peat, and flower petals floating on rain puddles are present for the contemplative.

F00228

Grand Daddy Purple

Vibe: Inviting wizened thoughts and simple happiness.

Granddaddy Purple is an indica dominant hybrid that combines Big Bud & Purple Urkle genetics. It has dark purple flowers with a striking snow-like coating of white crystal resin. Our GPP blend assembles an ensemble of juicy fruit on the palate including pomelo, pink grapefruit, guava, blueberry, green apple, starfruit and Meyer lemon. Rising to the nose is black peppered, lilac, nut butter, pine needles, grape leaves and floral blossoms.

F00062

Green Cush

Vibe: Levitating inches above a lively garden.

Green Cush is a hybrid cultivar of unknown origin, although its growth traits suggest indica ancestry. Formerly denigrated with the name "Green Crack", many enjoy the stimulating effects of this hybrid. Our Green Cush blend evokes neuronal potentials of spearmint blooms, sweetgrass, rosewood, gingered birch, celery hearts and sugar snaps originating on the tongue. Olfactorily, floral cologne, limestone, cherry wine, leafy citrus, and cream liquor fire into the brain.

GSC

Vibe: Skipping happily in fields of gold.

GSC is renowned for euphoric effects followed by waves of deep relaxation. Our GSC blend is upfront with a bouquet of cherry-mint and lemon. Also on the table are flavors of almond confections, lace cookies, biscotti and sugared coconut. Buttercups and other spring flowers also flit between nose and tongue.

F00053

Harlequin

Vibe: Agency of mind and body.

Harlequin was developed in California utilizing CBD genetics that emigrated from Switzerland. The cultivar has gained prominence due to its high-CBD and low-THC content, but the volatile profile is more diverse and exciting for the palate than most so-called "CBD strains." Our Harlequin blend speaks gently of pine nuts, cinnamon sticks and hay. Sour lime, dried cherries, raisins, green mangos, blueberries, and lemon-vanilla wafers are also noticeable for those without the palate of a puppet.

F00430

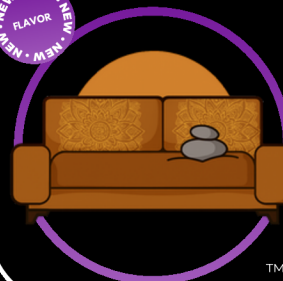

Headband

Vibe: Head in a sheath and foot on the gas.

Headband is an offshoot of Diesel genetics that is oft-reported to create a sensation of literally wearing a headband. This cultivar is also known for a smooth, creamy smoke and effects that can be slow to emerge. Our Headband blend off-gases with lemon and diesel before hints of blood orange, yuzu and wasabi wreath the head. And for the organoleptically exhausted, ephemeral halos of potpourri, miso and poppy might arise.

F00072

Hindu Kush

Vibe: exotic supplements and shisha sessions.

Hindu Kush is a powerful indica hybrid combining the best traits of Bubba Kush and Afghani genetics as a cosmopolitan Kush duo. Our Native® Hindu Kush blend speaks to the tongue of Lemon drops, sweet orange, yellow blossoms and sandalwood and sings to the nose of citrus-soaked espresso beans, gum-ball machine candies and licorice root. Blood orange dried with lime peel and yuzu juice lurks just within reach of olfactory receptors.

F00084

Jack Herer

Vibe: Embarking upon a solitary forest bath.

Debating in 1994 at the High Times Cannabis Cup in Amsterdam, Jack Herer is a hybrid cultivar bred by Nevil Schoenmakers for Sensi Seed Bank of the Netherlands. Named after the American author and activist, Jack Herer derives from a Northern Lights #5, Haze, and Skunk #1 lineage. Our Jack Herer blend is not shy about its terpinolene content and the associated piney-limey pleasant smell and taste. A layer of blue spruce, oats and oak is balance by pink lady apples, starfruit citrus and sometimes basil.

F00203

Jet Fuel OG

Vibe: Direct forebrain stim.

Jet Fuel OG (aka as G6 or G6 Kush) is a hybrid cultivar developed in Colorado by 303 Seeds that combined OG Kush, Diesel, and G13 Haze genetics. Our Jet Fuel OG blend has an uplifting pungency that can be teased apart into fumes of neem, nettle, hops, sourdough and toasted nuts. Lemons, pralines and prairies also find flight.

F00699

Khalifa Kush

Vibe: Wizzing over the desert at high speeds.

Khalifa Kush is an OG Kush clone used by the Cookie family to develop their flagship genetic GSC. It was re-branded as 'Khalifa Kush' in a cross promotion with rapper Wiz Khalifa to market their Cookie Co. 415 retail store located in San Francisco, CA. Our Khalifa Kush blend is redolent of natural market vitamin aisles, lily, rose and dried lemons. One also finds an aroma not unlike the smell of warm air over hot sand with a touch of lemon pith.

F00700

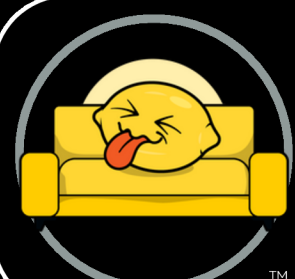

King Louie XIII

Vibe: Rowing over glassy waters.

King Louie XIII is a child of two OG Kush hybrids-- King Louie and LA Confidential. Regal and reticent, King Louie XIII does not give-up its secrets readily. Our King Louie XIII rewards contemplative experimentation with flavors of clove and cayenne that meet aromas of fresh dew on mud and white musk. Butter cookies and black tea can also be found on the finish with some patience.

F00701

Lemon Kush

Vibe: Backyard summer nights.

Lemon Kush, also known as Cali Lemon Kush, is an indica hybrid of unknown ancestry that produces a sweet citrus smell with earthy kush undertones. Phenolics of ripe fruit and spices from citrus blossoms are found throughout our Lemon Kush. Dandelion, lichens, moss, chamomile, and creamsicle can all be found depending on setting.

F00087

Lime Dream

Vibe: Peeling away problems.

Lime Dream is a sativa-dominant hybrid that consists of Blue Dream and Key Lime Pie genetics. Our Lime Dream is lime forward and backward with kumquat limeade in the front and sunbaked lime rinds in the rear. Sharp eucalyptus and cherry blossom mingle in your clouds with fruit sumptuousness.

entour® NATIVE® BLENDS

Maui Wowie

Vibe: Beach bars and chill day parties.

A classic sativa hybrid popularized during the 1960's after building a resume at home in Maui and moving to California to become a star. In our Maui Wowie aromas of spearmint, white pepper, clove, and sugar-roasted basil are evident. Flavor notes that span green peach skin, lemon poppy seeded caramels, pineapple tops, spiced lychee, tropical fruits blossoms and orange impress the palate.

F00090

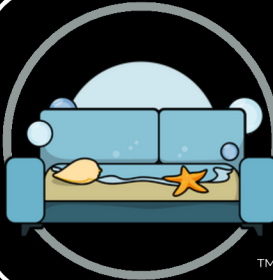

Northern Lights #2

VVibe: Live Olfactory Wire.

Northern Lights is a classic set of cannabis cultivars begotten through Afghani and Thai crosses. Our Native® incarnation of NL#2 is a hybrid of the Seed Bank of Holland release AND the Authentic Genetics version, which lore tells originated from "Seattle Greg" in the 1980s. The aroma is straight from North with a deep, pinene cleanliness that smells of ionized snow with a hint of geosmin. The flavor profile is pinene forward and fires up the flavor centers.

F00845

OG Kush

Vibe: Exploring Solo.

One of the most popular cannabis breeds of West Coast fame that fueled the Kush craze of the 2000s, OG Kush was originally developed in Florida during the mid-90's. While its exact pedigree remains unknown, it is widely speculated to contain Hindu Kush and/or Northern Lights genetics. Our OG Kush blend invents its own flavor profile with persimmon, white carrots, papaya, parsley, and the leafy tops of wild strawberries melding.

F00106

Pineapple Express

Vibe: Mind-tripping and mood-lifting.

Since the release of the 2008 hit comedy of the same name, this sativa-dominant hybrid has risen to fame and is sold by millions of distributors globally. Pineapple Express may be best known for its long-lasting energetic and creative effects. Our Pineapple Express blend is pineapple inside and out with pineapple tops, cores and juice on the tip of the palate and the nose. After the pineapple train leaves the station, aromas of sea-berries, palm fruits and sea-breezes with flavors of clary sage and caramelized lilies clear the tracks.

F00237

Pineapple Haze

Vibe: Preparing to watch Mandy (2018).

Pineapple Haze is a hybrid cultivar developed in the state of Washington that combines Golden Pineapple and Super Silver Haze genetics. Our Pineapple SSH tart juices of green apple and red grapes ghost into this blend from the birth fields of this cultivar in Washington state. Thyme and pineapple-infused tea offset a tinge of dirt-road dust and peanut shell husks.

F00404

Platinum OG

Vibe: Tea time and smashing China.

Reported to be a cross of Hindu Kush genetics, Platinum OG is an indica hybrid that features traits consistent with most modern Kush breeds. The flowers exhibit shades of silver and platinum due to its dense coverage of trichomes. Our Platinum OG blend smacks of fine, white tea dried into silver slivers with hints of bergamot, moist loam and pine cones. Lemon verbena, key lime pie and citrus peels bubble-up to the nose.

F00127

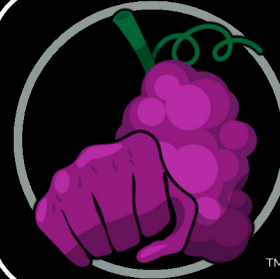

Pre '98 Bubba

Vibe: Pre-Y2K innocence.

Bubba Kush is an indica-dominant hybrid originally developed in Florida during the 1990's and then introduced to Southern California where it became a seminal breed in the "Kush" craze of the early 2000's. Our Pre '98 Bubba blend is just as fruity and herby as our modern Bubba Kush blend, but with a classic organoleptic orientation. Perfused with red grapes, green plantains, citrus-soaked coffee beans, aromas of lilacs, black pepper, and curry leaf are also there for the sniffing.

F00697

Purple Punch

Vibe: Ginning-up cocktails with the Kool-Aid man.

Purple Punch is a hybrid developed in 2013 by Supernova Gardens from Larry OG and Granddaddy Purple genetics. This dessert-oriented cultivar is known to deliver a one-two punch, connecting first between the eyes and working its way down into the limbs. Our Purple Punch blend evokes memories of purple drank, fresh blueberry muffins and grape candy amidst more delicate flavors of confectioned plums and red currants. Aromas of rose water, chalky soil, and juniper-forward gin round off the palate.

F00369

SFV OG

Vibe: Sneaking snacks into a double-feature.

San Fernando Valley OG Kush (SFV OG) is a sativa-dominant hybrid known for its long-lasting body highs and calming effects. Our SFV OG blend greets one with earthy aromas reminiscent of lemon and pine, but quickly follows with ylang-ylang and after-sunset blooms. Orange and cherry soda with hints of breakfast cereal marshmallows can also be found in between stars.

F00138

Sherbert

Vibe: Cerebral indulgence.

Sherbert is an indica-dominant hybrid brought to life by crossing the notorious Girl Scout Cookies with Pink Panties. The cultivar sounds like a refreshing and delicate dainty, but feels more like a mind AND body massage. Our Sherbert blend captures the expected orange, strawberry and lemon sorbets with a kick of almond, cherry blossoms, and a tickle of creaminess.

SkyW OG

Vibe: Sporting aviators in a convertible.

Skywalker OG is an award-winning OG Kush hybrid originally hailing from California. Our SkyW OG is a bit of a blast around the Organoleptic Verse. Lavender and spice break onto layered waves of tart mango and fresh lime before receding into soft blue fruits and bush berries. Scents of juicy peaches, milk thistles, basil sprouts, frosted sage, and riesling round out this force of flavor.

F00139

Sour Diesel

Vibe: Pit-stopping in a citrus grove.

Sour Diesel (also known as Sour 'D' or Sour Deez) gets its name from a distinct diesel-like flavor and aroma. Our Sour Diesel steps off of the gas a bit to allow the tang of key limes and bergamot come alive. The petrol and hot pavement aromas remain, but here are balanced sappy roots and the bark of banana trees.

F00145

Sour Tsunami

Vibe: Riding high and barreling through.

Sour Tsunami is a high CBD breed selected and developed in 2010 by Lawrence Ringo of the Southern Humboldt Seed Collective. Its lineage consists of Sour Diesel, NYC Diesel, and an infamous breed known locally as Ferrari. Our Sour Tsunami swells with sour lemon, cooked orange, honey suckles, and soursop on the tongue. Waves of oregano, sun-dried thyme, and pumpkin seeds mix with a floral foam in the nose.

F00146

Super Lemon Haze

Vibe: Blazing in the sun.

Super Lemon Haze is a sativa-dominant breed developed by Green House Seeds from Amsterdam. Its genetic lineage consists of Lemon Skunk & Super Silver Haze. Our Super Lemon Haze blend is ripe with lemon rinds and fresh with blood oranges, tangerine peel, and clementine juice. Sappy pine cones and salty breezes meld with ginger, tumeric, and terracotta on the exhale.

F00182

Tahoe OG

Vibe: Focused like a canoe.

Tahoe OG is an OG Kush clone sourced from the Lake Tahoe area of California. It is a product of the "kush craze" of the 2000s and is believed to be of Hindu Kush and/or Northern Lights descent just like OG Kush. Our Tahoe OG blend is reminiscent of spice shops, baked pineapples and jelly doughnuts. Cinnamon toast, poppy seeds, and pine woods also well-up upon contemplation.

F00159

Trainwreck

Vibe: Climbing a pine tree limb-over-limb.

Originating from Humboldt County, California, Trainwreck is a sativa-dominant hybrid popularized in the late 90's for its signature flavor and effects. Trainwreck features a terpene profile rich in terpinolene, which can spearhead its taste, aroma and effects. Our Trainwreck blend brings pine, neem, nettle, sage, and oregano to the party. Dried citrus rinds, cumin, and cardamom also make an appearance.

F00168

True OG

Vibe: Up on the mountain top.

True OG is a prominent indica breed originating in Southern California. The name was initially chosen to indicate this cultivar as THE authentic or "original" OG Kush. Our True OG bears aromatic gifts of lime, lemons, tangerine and marmalade. Pine and pungent herbs are also part of the mix along with wisps of tropical fruit smoothies and toaster strudel.

F00176

Wedding Cake

Vibe: Optimistic and forward-looking.

Wedding Cake (formerly known as Triangle Mints) is an award-winning hybrid developed by Seed Junky Genetics. It claims Triangle Kush & Animal Mint cultivars as progenitors and produces a signature smell of vanilla frosting. Our Wedding Cake blend marries aromas of vanilla bean pods and lemon glaze. Flavor notes include bubble gum and orange blossoms wedded to nasturtiums and bread crumbs.

F00346

White Fire Cookies

Vibe: Meditatively heat-releasing.

White Fire Cookies (also known as WiFi Cookies) is a hybrid cultivar hailing from White Fire OG & GSC roots. It is often reported to be an uplifting, cerebral cultivar perfect for socializing and creating. Our White Fire Cookies blend is ablaze with rosemary, thyme, white chili and sweet-cream butter. Hints of clary sage, oregano, pinecones and ferns presage a finish of peach cake, lavender, and old-vine Viognier.

F00638

White Widow

Vibe: Rooted and ruminating.

Since debuting in 1995 at the High Times Cannabis Cup in Amsterdam, White Widow has won numerous awards earning its reputation as one of Holland's most prized plants. Our White Widow is an indica breed that produces resin-coated plants that conjure images of spider silk and blend weaves together flavors of semi-ripe avocado, moss, lily pads, and banana flowers. The aroma strings together scents of weeping willows, conifer roots, and sage.

Bubba PeachTM

Vibe: Day-dreaming at grandmas house.

Peach and stone fruit jams meet herbed and dried orange peels in this juicy blend. Viognier spices, apricot jelly, June plums, lemon ices, sourp and passionflowers all flit into the nose. Honey-suckled green pears, Fuji apples, crushed acacia and freshly-shelled walnuts can also be detected with contemplation. Our Bubba PeachTM is a Flavor Lab cross of Bubba Kush with peaches. It has been inspired by the Bubba Kush hybrid developed by Alien Genetics, Peach Bubba.

Bubblégum

Vibe: Blowing bubbles inside of reality.

Acai sugar-crisps, strawberry-banana chews and vanilla flourishes take the lead. Long-lasting pops of exotic fruits, razzleberries and blueberry pie follow-on. Our Bubblégum is a Flavor Lab cross of SkyW OG with fruity notes that is a nod to Bubblégum Kush, an indica dominant hybrid developed by The Bulldog Seedbank in the Netherlands consisting of Bubblégum & Kush genetics.

Bubblégum Cookies

Vibe: Blowing bubbles inside of reality.

Bodacious bubble gum with strawberry-banana-kiwi bursts, sweet orange chews, cinnamon bun frostings and black figs swirl through the mouth and nose. Sugar cane cookies topped with pine nut sprinkles, fresh dates, and wild mint crystals take flight into the imaginary. Bubblégum Cookies blend has been inspired by the original GSC cultivar, an indica-dominant hybrid derived by crossing OG Kush with Durban Poison.

Cali-O

Vibe: Beach-combing on Baja.

Pink blossoms, golden fruits, yellow plums and white peaches fizz with ocean froth on organoleptic waves. Kaffir limes, orange zested miso, sweet lemon and yuzu rise later on the sensory tide. Cali-O blend is inspired by a cannabis cultivar called, "Cali-O". Our Cali-O is a heirloom cultivar from California with Mexican ancestry that emerged in 1985 from the garden of Cultivator's Choice.

Citrus Dream

Vibe: Floating aloft on Finnegan's Wake.

Grapefruit zest sprinkled generously upon miniature oranges tart and fresh. Lime juice zigs while pomelo zags in this dreamy zip intermittently into rapid-eye movements. Our Citrus Dream blend is inspired by the cultivar "Tangerine Dream," which is an award-winning hybrid created by Barney's Farm from the Netherlands.

TM CB: Tahoe OG x Blue Dream F00622

Creamsicle

Vibe: Chasing ice cream trucks.

Oranges concentrated and creamed—simply stated. Grilled strawberries, marmalades, sherbet and vanilla gobs cycle through. Our Creamsicle blend is inspired by the original Creamsicle cultivar, a sativa-dominant hybrid developed by MTG Seeds that consists of Orange Crush & Juicy Fruit genetics.

TM CB: Diablo F00506

Creamsicle Dream

Vibe: Zesty contentment.

Orange peels, lemon ice, and frozen yogurt have been dusted with smoked then freeze-dried green cardamom. Subsequently blanketed with a fog of orange rings, vanilla cream, and lime jam this is not a flavor for immature palates. Our Creamsicle Dream is a Flavor Lab cross of Blue Dream—a sativa-dominant hybrid of two iconic cultivars: Blueberry & Super Silver Haze—and generic orange sherbert wrapped around vanilla cream.

TM CB: Blue Dream F00471

Flaming Caramel Apple

Vibe: Big Red Head.

Brown sugared apples spiced with candy cinnamon ice—oh, how nice. Butterscotch, strawberry, and caramelized cherries can be found midway through the initial palatal aftermath. Vanilla cream wafers, pink peppercorns, miso, and malted cinnamon flowers are buried deep in the finish. Our Inspired[®] Flaming Caramel Apple is a blazing mash-up of Caramel Apple just-dipped from the kettle and our Native Fire OG blend.

TM CB: Fire OG F00722

Fruit Punch Express

Vibe: Express Lane Joy.

Punch and fruity—no real superlatives needed. Banana jumps out to lead both the aroma and flavor, while cherries, apples, browned butter and a berry medley march on through in the rear. Our Inspired[®] Fruit Punch Express is a Flavor Lab quad-cross between our own Native[®] GSC and Sour Diesel blends drizzled with the expression of a caramel apple smashed with a frozen banana—it does not disappoint.

White Widow

Vibe: Spinning, spinning, spinning...

Since debuting in 1995 at the High Times Cannabis Cup in Amsterdam, White Widow has won numerous awards earning its reputation as one of Holland's most prized plants. Bred originally by Ingemar for the Green House Seed Company, White Widow is an indica breed that produces resin-coated plants that conjure images of spider silk. Our Live Derived[®] White Widow blend cross-weaves hemp-grown spider essence with the classic peppery, piney floralness of White Widow's ilk.

GG4

Vibe: Free mind body stasis.

Gorilla Glue is an extremely resinous and powerful hybrid with an intense high that is known for keeping one "glued" to the couch. GG4--or Original Glue--was the result of a happy procreation accident between Chem's Sister and Sour Dubb in a manner that would make Bubba Peach proud. Our Native® Live GG4 expression possesses an aroma that is both earthy and piney along with a touch of spicy and sour mixed in. The flavor profile has faint undertones of chocolate and coffee.

LT0004

Green Cush

Vibe: Vibrating at a higher frequency.

Green Cush is a hybrid cultivar of unknown origin, although its growth traits suggest indica ancestry. Formerly denigrated with the name "Green Crack", many enjoy the stimulating effects of this hybrid. Our Native® Live Green Cush expression is sharp and vibrant with a balanced citrus-pine flavor profile with undercurrents of tropical fruit and a bit of wood on the exhale.

Jack Herer

Vibe: Taste of originality.

Debuting in 1994 at the High Times Cannabis Cup in Amsterdam, Jack Herer is a hybrid cultivar bred by Nevi Schoenmakers for Sensi Seed Bank of the Netherlands. Named after the American author and activist Jack Herer derives from a Northern Lights #5, Haze, and Skunk #1 lineage. Our Native® Live Jack Herer expression is not shy about its terpinolene content making for a limey-piney front end that also brings lemon and orange to the citrus party. The earthy and herbally notes make themselves apparent to the nose more than the tongue.

King Louie XIII

Vibe: Happily eating brioche.

King Louie XIII is a child of two OG Kush hybrids--King Louie and LA Confidential. Regal and reticent, King Louie XIII does not give-up its secrets readily. Our Native® Live King Louie XIII expression yields a peppery spiciness to balance out the musk and pine main notes. A faraway citrus skunk is perceptible by the nose.

Triangle Kush

Vibe: Grey is the new violet.

Triangle Kush is believed to have originated in Florida as progeny of Hindu Kush and Emerald Triangle genetics. Aside from the clear portmanteau origin of the name, lore also suggests that "Triangle" is also an allusion to the primary cannabis-producing cities of Florida in Tampa, Jacksonville and Miami. Our Native® Live Triangle Kush expression all about the spicy-lemon-wood organoleptic triangle that is circumscribed with a pungent earthiness.

EFFECTS BLENDS PAIRINGS

The following table includes recommended flavor pairings with Entour Effects blends. The pairings follow the principles of culinary combinations and similar base or cultivar ingredients to enhance the user experience.

EFFECT BLEND	KEY TERPENES /CULTIVAR	SUGGESTED ENTOUR FLAVOR PAIRINGS	RATIONALE
 SEDATE	Linalool, Humulene, Lavender Kush	Vanilla Kush, Lemon Kush, Blueberry Flame, Bubba Peach, and Pear Herer	Linalool's floral notes pair well with sweet, dessert-like flavors for calming familiar tastes whereas lavender (from Lavender Kush) is often paired with blueberry and lemon for culinary flavor synergy.
 MEDITATE	Beta-caryophyllene, Limonene, Mango Haze	Northern Lights #2, Pineapple Punch, Jack's Passion, Strawberry Cough, and Nanner Kush	Limonene pairs well with citrus, focusing flavors and beta-caryophyllene with grounding calming flavors. Similarly, mango (from Mango Haze) complements strawberry and banana flavors.
 RECUPERATE	Terpinolene, Nerolidol, White Widow	Purple Punch, Grape Ape, OG Watermelon, Tropical Punch, Lemandarin Haze, and Golden Queen Pineapple	Terpinolene (pine-citrus) and nerolidol (floral-earthly) blend well with other grounding tropical notes (like those often found in White Widow).
 ELEVATE	Pinene, Ocimene, Blue Dream	Citrus Dream, Creamsicle, Winter Dream, Key Lime Pie, Strawberry Banana, and Jack Herer - Live Derived®	The fresh scent of pinene and the lively, berry flavor of Blue Dream create a perfect pairing with other fruit and bright, refreshing flavors.
 ACTIVATE	Limonene, Eucalyptol, Green Cush	Berry Cush, Berrywalker OG, Mango SSH, Cali-O, Super Lemon Haze - Live Derived®, and Pomegranate Orange Guava	Limonene (citrus) and eucalyptol (menthol/camphor) are invigorated by sharp, bright flavors like lemon and berries, complementing the evident energetic character of Green Cush.

You Are THE Formulator

The above pairings are merely some of our recommendations. These are not meant to be the end-all, be-all to pairing Effects with Flavor. This is only meant to inspire you, dear formulator, in creating your own unique combinations that titillate the flavor and olfactory receptors—and ultimately the brain—of your consumers. You know them best and you know what gets them going—so go create combos that they will enjoy on multiple levels!
